

Health & Safety Consultants

Specialising in Construction, Disaster Recovery, Electrical & Mechanical, Environmental Management, Fire Prevention, Machinery, Occupational (People) and Project Management (CDM) Safety.

Winn-Co is a leading Health & Safety provider of Building Infrastructure and Occupational Safety for businesses and communities alike.

Winn-Co was established (in 2017) to support those who hold limited experience, knowledge and understanding of their role and responsibilities, as an individual, charity or organisation, when it comes to health and safety.

We offer an array of services which are designed to minimise risk, protect assets and ensure the safety and wellbeing of all individuals and our environment, for today and tomorrow. Our services support single use or service bundles, which vary from Bronze, Silver and Platinum to tailed services, designed around your operational and customer needs.

Four out of every Ten clients shall benefit from reduced rates upon selected packages (as low as £1 Plus Travel Expenses Apply and T&C's), this ensures our work is at least 40 percent not-for-profit, benefiting the communities we live and work in.

Brief Selection of Services Offered:

- o Construction Safety (Inc CDM)
- o Environmental Impact Assessments
- o Environmental Policy (Review or Draft)
- o Environmental Management Systems
